General

This range of top quality fully fitted narrowboats comprises 50ft, 57ft, 60ft and 64ft models but we would be pleased to quote for other lengths. The Anderton has a rear bedroom, forward of which is the bathroom followed by a U-shaped galley and finally the forward spacious lounge/dining area. With a comprehensive choice of upgrades and options including two styles of dinette and an extra bedroom (64ft model), you can be sure of having your boat built just the way you want it. Our standard interior is lined in oak but other finishes are available. You can choose your own worktops, tiles, fabrics, bathroom laminates and floor coverings to create a truly individual craft. Our flexible approach to the build process even allows for specific customer requests to be considered.
